

## **HRA RECEIVES SHRM FOUNDATION SCHOLARSHIP**

SHRM professional chapters and state councils are eligible to compete for the certification scholarship to fund programs that promote HR certification. Each scholarship is a one-time award; however previous applicants and past scholarship recipients are eligible to re-apply.

We are pleased to announce the HRA has again been selected to receive this scholarship in 2015 (previously received one in 2013). HRA will receive \$750 from the scholarship which will support the chapter's activities to promote certification and to ensure currently certified members obtain needed recertification credits. Initiatives that will be part of this program are:

- Study Group - Certification
- Certification
- Book Club
- Breakfast Roundtables
- Webinars

The Professional Development Committee will continue to pursue ways to encourage certification, support those already certified and select initiatives that will enhance opportunities for our members.

Each scholarship is a one-time award; however previous applicants and past scholarship recipients are eligible to re-apply. 80 certification scholarships are awarded annually.
